Boxes, crates of any material, and product may not be stored behind exhibit space per Fire Marshal policy

- Labor:**
- When scheduling labor, please allow 4-6 hours (halls A-D) and 8 hours (ACC levels 2-3 and ACC north) from your freight target check in time until labor begins. This will ensure that you do not have labor standing around waiting for the freight to be delivered to your exhibit location. It takes time for the carrier to get from the marshalling yard to the Convention Center, unload the freight and then deliver it to your space. Please allow for this time.
 - Installation/set up is not required on the same day that your freight is delivered to your space. Please consider the security of your freight, however, it can remain at your space until you arrive to unpack and set up.
 - If labor is required outside of normal business hours (8am-4:30pm M-F), please contact Freeman to ensure labor will be available.

- Overtime:**
- Trucks missing their target time and unloading outside of normal business hours (8am-4:30pm M-F), may incur overtime charges.
 - Saturday and Sunday may be utilized for freight delivery by appointment only and overtime rates will apply.

- Target Date/Time change request:**
- Change request form is located in the Exhibitor Service Manual in the Forms & Brochures section.
 - [Freight Target Change Request Form](#)
 - Submitting a form does not guarantee approval. Approved changes are valid for one show only.

- Missed Target date/time charges:**
- Failure to meet your assigned target date/time, without an approved change form, will result in additional fees.
 - Clearly labeled product may be delivered independent of the exhibit, after assigned target without incurring additional fees.
