## U.S. DATA

How do you get sales data in an industry where most of the business is done by privately held companies, and there are few, if any, reporting sources? The answer is, you spend a lot of time digging.

This snapshot of 5,000 specialized MI companies is derived from a variety of sources including import and export data as compiled by the World Trade Organization, data gleaned from regular Music Trades retail surveys, filings from the industry's 15 publicly held enterprises, association data and informed estimates.

- Comprehensive U.S. music and sound market overview
- 10 Year trend in the U.S. music industry
- Imports and exports units and values by category
- Units sold
